Kindergarten Readiness

What Does this Really Mean

Class Time 4:00-4:30

**What does kindergarten readiness really mean?
What skills should you be working on at home?
How does all of the learning and experiences
that occur before kindergarten really affect
child's entry level success and help
create an excellent foundation for learning?**

**These and many more topics will be covered!
This is useful for any family who has a child who will
be going to kindergarten! (This session is general
information not specific to any one program)**

Should We Wait or

Should We Go?

Deciding about the Next Steps for

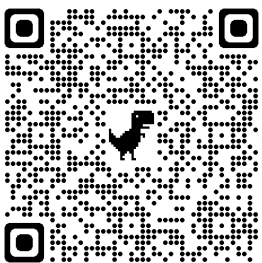

Children with Summer Birthdays

Class Time 4:30-5:00

**How do I know if they'll be ready for kindergarten?
This is one of the most frequent questions we hear
in preschool about children with summer birthdays.**

**Your child is their own unique person and as their
first and most important teacher, you know what is
best for them. At the same time knowing what
questions to be asking yourself and those who
know your child well is important. What skills equip
them to be ready to begin their formal educational
journey? Do you see those yet or is the gift of
another year beneficial to your child?**

**We'll delve into this topic and give you a list of
important questions to consider!**

Picking a Preschool

How to Choose?!?

Class Time 5:15-5:45

**Our community is filled with so many options for
preschool! This is great for families but also
overwhelming at the same time. Directors often
can hear "there's so much to think about and I
don't really know where to start!"**

**If you have those same feelings come pop in for
this free class that will give you an opportunity
to learn the questions to ask and things to look
for in a program. We want to equip you to be a
savvy preschool shopper as you plan what is best
for your child!**

Kindergarten at

Woodbury Lutheran

Class Time 5:00-5:30

**Woodbury Lutheran has a thriving Kindergarten
program that balances key academic kindergarten
skills in a highly experiential classroom setting**

**In this session you'll have the opportunity to learn
more about our kindergarten program and how this
may be the perfect experience for your soon to be
kindergartener.**

**The many parts of the school day and what sets us
apart will be aspects of what you as a parent will
experience!**

Children Can Play While You Learn!

**There is an option for your child to spend a bit of time
playing and doing an activity while you attend the free
class or classes if you choose. Please indicate this on
your registration. (Care is most age appropriate for
children 2 and over).**
